TAKE IT IN.

The State Fair at Reno Will be a Grand Affair.

From a gentleman whose business takes him all over Nevada, the Dayton News Reporter learns that the prospects for the State Fair, which opens at Reno next Monday, are more promising than those of any previous one. The interest in the fair is more widespread than ever before—it will be more truly a State Fair than any which has before been held in the State. The News Reporter's informant says that influential stockmen in the eastern part of Nevada who have heretofore looked on the fair at Reno as a mere local catch-penny affair, and who have thought the Sacramento fair the proper place to exhibit their fine stock, will this year compete for the medals and diplomas of the Nevada State Agricultural Society. They are beginning to see that there is something in patronizing "home industry" and that a certificate of merit from our home agricultural society carries as much weight as one from our sister State. These men will not only patronize our home fair by trying to obtain some of the prizes it offers, but will take their wives and families along to see the sights. The racing stock already on the grounds and that which is entered for the various events assures more interesting speed trials this year than ever witnessed in this State. The State Fair this year will be a success—that fact is assured.

PATRONIZE HOME INDUSTRY.—Much has been and more may be profitably said concerning the patronizing of home industries and enterprises. We can hardly glance at a city newspaper, but that we see advertisements for sending light articles by mail. This has grown and has become a large business with many firms. Indeed it has grown to such an extent that the country merchant not being able to compete, has become discouraged and ceased to get a full stock of such articles. Is it the fault of the merchant, then, that his stock in such lines is often small and should the trader, who would send to the City, did he not need the article at once blame him because it is so? A man is not supposed to invest his capital in buying goods and running a store for the pleasure there is in it, but it is, of course, expected that he intends to get some return for his money so invested. How is he to do this, if the trading people persist in sending away, when they have the cash to do so, for their goods? The country merchant has losses and disadvantages, arising from transportation and delays, to figure on, which do not enter into the city merchant's account at all. If we expect "to live and let live" let us all patronize each and every home industry, for the above does not apply particularly to the merchant but to all who are engaged in home enterprise and thrift.

THE RENO REDUCTION WORKS.—A well-informed resident of Reno informed the Dayton News Reporter that the reduction works which are in course of erection at Reno will be on a much more complete scale than is generally supposed. The works will contain the most approved apparatus for the reduction of all classes of ores. The company will be prepared to treat ores by roasting, smelting, leaching or concentration. Already the company is assured of sufficient ore to keep the works busy for some time to come. Mining claims in the vicinity of Reno which have been abandoned for years as worthless are again being looked after as property worth having. These works will doubtless prove of more practical benefit to Nevada than any enterprise which has been inaugurated for years.

A PROMISING COUNTRY.—The Dayton News Reporter says: A. B. Williams, the well-known millman and metallurgist of Reno, passed through Dayton last Saturday on his way to Candelaria. From there he goes to Gold Mountain to erect and take charge of a Huntington quartz mill for B. F. Islets & Son. It will be remembered that those gentlemen went to Gold Mountain less than two months ago on a prospecting trip. They have been very successful. They now employ about 20 men on tribute work, and are developing several very promising gold-bearing quartz ledges. The ore is free-milling and easily extracted, and the Messrs. Islets feel confident that they are the pioneers in a country which will soon receive a genuine boom.

THE LYON COUNTY FAIR.—The Dayton News Reporter says:

The people of Wabuska and vicinity are making grand preparations for the Lyon County Fair, which commences there on the 11th of next month. The Society has gone to a great deal of expense during the past year, and has made many needed improvements. The new pavilion is constructed of dressed lumber and is 60x30 feet in size. A commodious grand stand and judges' stand are now being built and will be finished before the fair opens. The new mile track is now receiving the finishing touches—leveling and packing—and good judges say it will be one of the best in the State. Liberal purses have been offered by the Society for the different speed contests and some good racing is expected.

SPECIAL PREMIUM.—Parry & Fitzgerald, of the Depot Hotel, offer a special premium of \$12 50 to the lady who shows at the Pavilion the best oil painting, the work of her own hand, and \$7 50 for the second best.

DRY WEATHER.—The Silver State says:

It is now about three months since any appreciable quantity of rain has fallen. This is unusual even for Nevada, where the average annual rainfall, at least in the Humboldt valley, does not exceed anything as dry as the rays of a summer sun for three months of cloudless days could make it. Grass is dried up in the foot-hill, and even high in the mountains, where there were snow banks until late in the season, and the valleys are literally parched, sagebrush being the only species of vegetation that can withstand such a drought and scorching without irrigation.

HOSE COMPANY'S BALL.—The Fearless Hose Company's dance will take place at Armory Hall next Friday evening, October 8th. They have secured the services of the Virginia Orchestra to furnish the music for the occasion, which is evidence enough that the boys intend to make their ball first-class in every particular. The only thing that is small about the affair is the price of tickets, which they have placed at one dollar. Every business man in town can well afford to contribute this small amount for so good a cause.

BISHOP WHITAKER'S SCHOOL.—Following is the report for the month ending September 22.

Roll of Honor—Nettie Rising, 98; J. Dyer, 98; M. Lucas, 98; L. Hoskings, 98.

Roll of Merit—S. Shoemaker, A. Sheldon, H. Higgins, M. Atchison, J. Lucas, M. Borton, L. Langworthy, L. Collins, B. Boardman, V. Rice, A. Martin, M. Bishop, O. Martin.

DIPHTHERIA.—It is reported that there are several cases of diphtheria on the Big Meadows near Lovelock. Fortunately it is not fatal. The disease is said to be almost epidemic in Carson City.

HOMAN'S GOLD HILL LECTURE.

Well Received—He Pays Senator Jones a Just Tribute.

The Enterprise, of Friday, says: Mr. Hugh J. Mohan, on very short notice, again obliged the workmen of the Comstock by delivering another lecture on the "Progress of Labor," at Gold Hill, last night. The hall was filled, the representative workmen of Gold Hill being on the platform. Mr. Mohan was introduced by Mr. Radmond, who presided, and in a short, complimentary introduction made the orator feel perfectly at home with his audience. The impression which Mr. Mohan made in Piper's Opera House on Tuesday last he strengthened last night, by virtue of the sound sense, logic and eloquence he employed in advocacy of Labor's Cause.

Among the many good things he said was this, which bears on the silver question—the all-absorbing topic with the workmen of the Pacific Coast: "There is only one man on the earth who fully understands this subject, and I am proud to announce that he is Nevada's honored representative in the Senate Chamber of the United States—Hon. J. P. Jones." Mr. Mohan, after leaving the platform, having spoken for over an hour and a half, was warmly congratulated by his apparently deeply interested listeners. On his departure from Gold Hill to return to Virginia he was followed by many a "God bless you" and three cheers and a tiger from those he pleased so well.

ALEXANDER'S CONQUEST.—We clip the subjoined Jacksonian notice from the San Francisco Alta, of Sept. 30th:

About seven years ago a tall, raw-boned specimen of mountain manhood was waited from Washoe county, Nevada, on one of those historic zephyrs for which that section is so famous, and was landed in San Francisco. His literary tastes prompted him to seek employment in the field of journalism, where his quaint humor and graphic style was soon recognized and appreciated by his employers. His genial, social qualities also made him a prime favorite in the world of Bohemia, and when business complications recalled him to the angelbrush State, his departure was universally regretted among his comrades of the craft. The news soon came that he had drifted into the legal profession, and the following year saw him elected District Attorney of Washoe county, to which position he was re-elected for a second term and now holds. That he is still riding on the top wave of popularity and prosperity is attested by the fact that last week John F. Alexander, of Reno, received the nomination before the State Republican Convention of Nevada for Attorney-General, and it is said that nothing but a cyclone can beat him.

OUT ON THE WARPATH.—In another column to-day is published the route of canvases which is to be made throughout the State by Hon. C. C. Stevenson and Hon. William Woodburn, speaking in behalf of the Republican party. They are gentlemen of note and ability and will no doubt be well and carefully listened to by both Democratic and Republican, for every true citizen is naturally desirous of hearing the political issues of the day and the true interests of the State properly and squarely presented.

PARADISE VALLEY ANNUAL MEETING.—The annual meeting of the stockholders of the Paradise Valley Mining Company was held at the office of the company in San Francisco Tuesday. The new Board of Directors consists of Thomas Bell, E. Reinhart, W. W. Stetson, P. Lilienthal and J. V. McCurdy. The officers are: Thomas Bell, President; P. Lilienthal, Vice President; W. Letts Oliver, Secretary, and J. V. McCurdy, Superintendent.

STATE FUNDS.—The Board of Examiners counted the money and bonds in the State Treasury on the 28th of September, and report as follows: Coin, \$262,582 65; vouchers, \$13,751 68; School Fund securities, \$793,000.

VOLUME TWENTY-SIX.—The Daily Journal entered upon Volume 26 yesterday.

GRAND OPENING OF THE TEMPLE OF FASHION, OCT. 1ST TO 6TH INCLUSIVE.—Mrs. Hessel respectfully invites the ladies of Reno and vicinity to attend the grand opening of the Temple of Fashion at which time she will have on exhibition the largest and most complete stock of millinery goods ever displayed in this city. She also takes pleasure in announcing to her friends and patrons that she has also secured for the coming season an experienced artist whose ability and refined taste will be a guarantee of perfect satisfaction to all.

Spennie Further Respected.

The Secretary of State is officially informed that the Canadian authorities having learned that the further representatives, in behalf of Sir rule, the American convicted of murder in British Columbia, were on their way from the Department of State to London, have again resented him until October 29th. He was to have been executed yesterday.

PARKER'S NEW MAP OF NEVADA.

— THIS NEW AND BEAUTIFUL —

MAP OF THE STATE,

Has Just Been Published, and is Now Ready for Sale.

It has been completed with great care in order to insure its being strictly correct, and furnishes a vast fund of valuable information regarding the topography of the State. There never has been a Map of the State prepared heretofore worthy of the name, and it is intended to fill a long-felt want on the part of citizens. It has been lithographed at large expense by the famous publishing house of Rand, McNally & Co., of Chicago, and does great credit to their well-known skill in the art. The Map is drawn on a scale of 12 miles to the inch, and shows all surveyed Townships up to date of issue, also all Mountain Ranges, Valleys, Rivers, Creeks, Brooks, Streams and Lakes, it also shows the correct position of all Indian and Military Reservations, and all Cities, Towns and Settlements, also all Railroads and the principal Wagon Roads. The County Boundaries are also depicted with absolute correctness, which is something that no other Map has even approximated to.

The Map is printed on the best of paper, and mounted with stick, top and bottom, with tape on edges and varnished, it is also printed on thin, strong paper, which folds up in stout covers for pocket form. The Counties are printed with different colors, making it altogether an ornament to any school house, office, saloon or private room, as well as valuable for instruction and reference.

The Map has been compiled by John W. Parker, the Chief Draughtsman of the United States Surveyor-General's Office at Reno, who holds the copyright, and is the condensation of all information on file in that office, as well as the celebrated War Department Maps prepared by Lieutenant Wheeler, he has also had at his command other recent and reliable data on which to rely, and the Map is issued to the public in the firm belief that it is in every way authentic.

The Price of the Map is \$5.00,

And copies will be sent to any address, postpaid, upon receipt of the money. Parties ordering will be careful to state which style is desired—mounted or pocket form.

REPUBLICAN PLAT-

FORM.

The Republicans of Washoe county, in convention assembled present the following declaration of principles and purposes, and pledge themselves and the nominees of this Convention to their faithful and earnest support and endorsement.

We denounce the attempt of the present administration to further restrict the coinage of silver and change the measure of standard values from gold and silver to gold alone, as an act of monstrous injustice to the mining interests of our country, and demand that a double standard be established, of both gold and silver, and be maintained as the basis of our money system as established by the Constitution of the United States.

We as a party, are most emphatically opposed to the further immigration of Chinese, believing them to be a class of laborers detrimental to American industry, and we are in favor of the legal expulsion of those with which the country is now afflicted.

We denounce the "abuse" policy of re-employment and reform as carried out by the present administration, and which has closed our Mint, cut down our public routes, caused a suspension of public land surveys, and damaged the material interests of the State in such a manner, as to lead us to believe that the people of Nevada have been selected for punishment because they had the courage to vote their convictions in the campaign of 1886.

We are in favor of a home man for United States Senator, and our representatives to the Senate and Assembly are instructed to use all honorable means to elect a gentleman to that office who is a Nevada in heart, interests, and actual residence instead of a man like Senator Fair, whose whole interest and residence are in California.

The present depressed condition of this State demands a right economy in all public affairs, and we require of the nominees of this Convention, and particularly those for Legislative offices an earnest effort to reduce the expenses of both the State and County governments, and to relieve the people of the present burdensome and vexatious taxation.

Resolved, That gold and silver have been recognized as money from time immemorial, because each could be exchanged at the Mint for the civilized world for coin. Silver did not decline in market so long as the mint of any nation in Europe or America would receive it in exchange for money. We favor the immediate passage of an act of Congress providing for the free coinage of both gold and silver, so that the owner of either of those metals may have it exchanged at our mints at the

standard rates for coin of gold or silver certificates as the case may be.

We endorse the earnest and able efforts of Senator Jones and Congressman Woodburn to prevent the Administration from depriving the people of this State of their usual and necessary mail facilities, and their efforts to keep open our mint and to furnish the people of this State with the usual benefits arising from a fair and impartial administration of public affairs, and we particularly commend them for their able efforts to restore silver to its original place as money and to defeat the conspiracy of the bondholders to contract the world's money to the single gold standard, and thereby double the obligations of contracts and inflict upon the laboring masses such enormous burdens as to reduce them to a condition of slavery.

Resolved, That we regret the failure of Senator Fair to co-operate with his colleagues from this State in their efforts to restore silver to its place and thereby revive business in this State and defeat the bondholders' conspiracy to demoralize that policy. It is unfortunate that Senator Fair's private business was so pressing as to require his absence from his seat in the Senate at all times when any question affecting the use of money has been discussed or voted upon, and that he was unable to be present to give to the records of the Senate the United States Senate. But whatever his private business or interest may have been, we cannot excuse his failure on the great issue with regard to silver, in which our State is so vitally interested, and which he was elected to foster and protect. We charge him with utter disregard of his duty to his constituents in failing to give to the records of the Senate his opinions upon this question. In all clarity to him we hope he is not a bondholder, and therefore interested in the demoralization of silver, and the destruction of silver mining in this State.

We favor the restoration of the Republican tariff on wool and the maintenance of the general features of the present protective tariff, and oppose free trade and the degradation of labor in this country, which would result from competition with Europe and China if the Democratic dogma of free trade should be adopted.

The Republican party has done more to relieve the oppressed than any other power ever exerted on earth, and it cannot look upon sympathetically and earnestly solicitous upon the efforts being made to rise at a humane and honorable solution of the questions that have so lately been at issue between England and Ireland.

We denounce the action of the Democratic House in refusing all expressions of sympathy with the Home Rule movement, while the Republican members always support such resolutions.

Resolved, That the Republican party has ever stood as the friend of labor against all who would either oppress or enslave it, and every measure, either State or national, which will protect the laborer from the dangerous competition or improve or dignify his condition, at home, will meet with our unqualified approval. Unswerving in our ability to Antislavery Socialism and Communism, we favor such wise legislation as may insure that harmony which can always prevail between the employer and the employee. We recognize the right of all men by association to promote their mutual good and protection in every way that does not infringe upon the rights of others.
